PROFILE

Full Stack Developer with over **3+ years of expertise** in developing and deploying robust web applications. **Specializing in the MERN** stack (MongoDB, Express.js, React, Node.js) and proficient in front-end technologies including HTML5, CSS3, JavaScript, **Next.js**, Angular, Bootstrap, and Tailwind. Adept in back-end development with Java, Node.js, Express.js, and PHP, focusing on building scalable and efficient RESTful APIs. Extensive experience with **database systems (MongoDB, MySQL, RDBMS)** and cloud technologies (AWS). Skilled in deploying applications using **Docker and managing CI/CD pipelines**. Experienced in Agile and Scrum methodologies, with a strong emphasis on attention to detail, systematic problem-solving, and driving innovation in dynamic development environments.

EXPERIENCE

Full Stack Developer | Nityam Web Solutions

January 2023 to September 2024

- Developed and maintained scalable web applications using the MERN stack, improving overall functionality and user experience.
- Contributed to both **front-end and back-end development**, using react, next.js, and tailwind CSS to build responsive user interfaces, and node.js with express.js to develop server-side logic and business logic .
- Created **server-side applications** with node.js and express.js, focusing on designing **restful APIs**, and also utilized **GraphQL** for more efficient data querying alongside node.js, express.js, and next.js.
- Managed and **optimized databases**, including mongodb and sql, handling schema design and **crud operations**, and performance tuning.
- Utilized **github** for version control and **webpack** for efficient builds.
- Contributed to improving application performance and security, achieving measurable outcomes such as reducing page load times and enhancing security protocols in data-sensitive projects.

Front End Developer | Infinity Web Solutions

October 2021 to December 2022

- Developed and maintained user interfaces with React, utilizing Redux for state management and TypeScript for improved code quality and scalability.
- Translated design prototypes into responsive, functional components, ensuring cross-device compatibility and adherence to responsive design principles.
- Collaborated with UX/UI designers to enhance user experience and interface usability.

SKILL

- Front-End Skills:** HTML5, CSS3, **React.js**, **JavaScript**, **Redux Toolkit**, Bootstrap, Tailwind CSS, SCSS, Material UI
- Back-End Skills:** Java, **Node.js**, **Express.js**, PHP, TypeScript, Socket.io, **RESTful APIs**, **Apollo-Server**
- Database & ORM :** MongoDB, MySQL, PostgreSQL, Prisma, Sequelize
- DevOps:** Docker, CI/CD Pipelines, AWS
- Frameworks:** Angular, Spring, **Next.js**, **GraphQL**
- Project Management Expertise:** Scrum, **Agile**, JIRA
- Version Control:** Git, **GitHub**
- Soft Skills:** Effective Communication, Time Management, Problem-Solving, Leadership, Teamwork, Positive Attitude, Attention to Detail

EDUCATION

Diploma in Computer Programming | Sheridan College

Certificate Course:

Full Stack Development | CodeCademy

Web Development Free Online Course | Harvard University

MySQL, MongoDB, JavaScript (ES6), MERN Project Management | Udemy
